Patient Addressograph

Date:_____Time:_____

1. I authorize the performance upon (name)_____the following procedure:

   _____

   _____

   _____ to be performed under the direction of Dr._____.

2. I consent to the performance of cardiovascular procedures in addition to, or different from those now contemplated, whether or not arising from presently unforeseen conditions, which the above named doctor or his associates or assistants may consider necessary or advisable in the course of the procedure.
3. The nature and purpose of the procedure, possible alternative methods of treatments, the risks involved, and the possibility of complications have been explained to me. No guarantee or assurance has been given as to the results that may be obtained. I have had an opportunity to ask questions and have these questions answered.
4. I consent to the administration of such anesthetics/conscious sedation as may be considered necessary or advisable by the physician responsible for the service. The nature and purpose of the anesthetic, possible alternatives, risks involved, and the possibility of complications have been explained to me. I have been educated as to the risks, benefits, and possible outcomes.
5. I consent to the administration of blood and/or any blood components as may be considered necessary or advisable. The risks and benefits of blood transfusions have been explained to me.
6. I consent to the disposal by hospital authorities of any tissues or parts/products of conception which may be removed.
7. I consent to the withdrawal of a blood sample of test for antibodies, including, but not limited to HIV (AIDS) and Hepatitis B. I understand that the blood test(s) will be done only if an employee or physician has had an accidental needle stick or mucous membrane exposure to my blood and body fluid. I understand that the results of any testing will be kept strictly confidential and released to my surgeon. I understand that these tests will be done at no cost to me. All of my questions have been answered.
